Patent Deposit Designation

PTA-4456

 The deposit was accompanied by: ☐ a scientific description ☐ a proposed taxonomic description indicated above.

 The deposit was received June 13, 2002 by this International Depository Authority and has been accepted.

 AT YOUR REQUEST: ☒ We will inform you of requests for the strain for 30 years.

The strain will be made available if a patent office signatory to the Budapest Treaty certifies one's right to receive, or if a U.S. Patent is issued citing the strain, and ATCC is instructed by the United States Patent & Trademark Office or the depositor to release said strain.

If the culture should die or be destroyed during the effective term of the deposit, it shall be your responsibility to replace it with living culture of the same.

The strain will be maintained for a period of at least 30 years from date of deposit, or five years after the most recent request for a sample, whichever is longer. The United States and many other countries are signatory to the Budapest Treaty.

 The viability of the culture cited above was tested June 27, 2002. On that date, the culture was viable.
